The Hi-Power was originally designed by John Browning in the early 20th century. My father loved his Hi-Powers and it was the first center-fire pistol I ever shot. The gun recoiled in a gentle manner, typical of an all-metal 9mm. The HP takes a love of a more complex manual of arms and more care for blued steel.

Differences and Similarities between the Arcus 98DA and the Browning Hi-Power barrel to slide locking mechanism, slide stop, manual safety, magazine release, etc. Hi-Power, the 98DA is an all steel, full size 9mm semi-automatic pistol. Some Criteria for my Concealed Carry 9mm Handgun are: 1. Accuracy– Manual Safety, SAO, 16.0, 3.00, 5.90, 7, 3.90, 1.10.

Springfield EMP Love my Browning Hi Power 9mm, but not on my short list for this criteria. It's all relative &. FNH FNS9 No Manual Safety Fxd 3 Dot 9mm 4" 10+1 3 Mags Blk Poly/SS Semi Automatic Pistol 9mm Luger 4" Barrel 10 Rounds Polymer Frame Black with Grip Hi-Power Sights 20+1 rounds - $1088.99 (Free S/H on Firearms) FNH USA.
